Dan:

Subject: Contract HF-32-27

Please refer to the inventory schedules attached to our final claim on the subject contract.

On the schedule entitled "Customer Supplied Property" Items 35, 38, 39, 56, and 93 should be deleted.

Referring to the schedule entitled "Miscellaneous Equipment" Items 3 and 4 should be deleted.

Referring to the schedule entitled "Miscellaneous Parts" Item 1 should be deleted.

Referring to the schedule entitled "Electronic Stock and Equipment" Items 7 and 8 should be deleted.

The reason for this deletion is that the items were transferred from Contract HF-32-27 to Contract SC-56-42 in your letter DPD-2393-59 dated 9 April 1959, except for Item 4 on the Miscellaneous Equipment list which has been transferred again from Contract SC-56-42 to Contract RE-518 in Exhibit "B" of that contract.

We are presently circulating the inventory lists to our Production, Engineering, and Quality Control Departments to ascertain if they have any interest in making an offer on any of the remaining items.
